

BURNSIDE PRIMARY SCHOOL

SCHOOL SPORTS POLICY

QUALITY TEACHING AND LEARNING,
COOPERATION AND RESPECT

"We all want our children to enjoy and benefit from their school experience and for many children participating in sport is a key component of this. Burnside Primary School offers a large and diverse range of After School Sports and SAPSASA opportunities throughout their schooling experience".

"There are many sporting experience opportunities for participation and involvement here at Burnside Primary School for teachers, students, parents, care providers and other members of the community interested in assisting children to play and enjoy sport".

In fact, without the commitment and dedication of these people our children would not be able to enjoy the wide variety of sporting opportunities open to them through sport at Burnside Primary School and the SAPSASA (South Australian Primary Schools Amateur Sports Association) program.

Many people each year accept the wide ranging responsibilities which go along with managing, coaching, scoring and spectating at games and practices.

This policy outlines the opportunities, responsibilities and commitment required by players, parents, officials, organisers and spectators and we urge you and your children to read and discuss this information together.

We firmly believe our children will benefit greatly from a comprehensive understanding of the rules, expectations and requirements of playing sport at Burnside Primary School.

Above all, this will lead to a greater enjoyment of sport by everyone involved and a strengthening and development of our school's community.

AFTER SCHOOL SPORTS

14. OBJECTIVES

The National Junior Sports Policy states that...

"Sport is a legitimate and significant activity within the school curriculum and should be conducted within the context of sound educational practices as part of the total curriculum."

Some of our Sports Associations have age requirements which contradict that of the National Junior Sports Policy. The school and the Sports Sub Committee will determine in the best interests of our students and school community the minimum age for participation in After School Sports. This will however, always remain within the scope of the National Junior Sports Policy and the guidelines that are set by associations.

As a result of the National Junior Sports Policy, Junior Primary children are encouraged to participate in skills learning but they wait until they are older (year 2 or in the year the child turns 8) before they take part in competitive sports.

14.1 Therefore our objectives for After School Sport are:

- 14.1.1** To provide opportunities for all children (who qualify by age) to participate in sport regardless of ability.
- 14.1.2** To provide suitably qualified coaches and leaders where possible.
- 14.1.3** To provide for all children a safe, healthy and friendly sporting environment that encourages a sense of personal achievement, identity and satisfaction.
- 14.1.4** To provide for all children a sporting environment that encourages enjoyment, the development of self-esteem and confidence.
- 14.1.5** To provide the opportunity for all children to become aware of and to understand the meaning of fair play.

19. AFTER SCHOOL SPORT TEAM FORMATION POLICY

19.1 In the creation of After School Sport teams many factors are considered. Teams are not collated and selected based solely upon ability as After School Sport encourages equal participation and opportunity for all players.

19.2 Teams are formed with the following factors being considered (In order of priority):

- Team numbers and ensuring all players where possible can be placed into a team
- Preexisting teams are to, where possible, be kept together. Dependent on Registration numbers, this may not be possible. If the registration numbers increase teams will be split to accommodate additional players. If registration numbers decrease teams will be amalgamated.
- Personal requests – Must be discussed with Deputy Principal / Sports Administrator
- Friendship/Transport requests
- Room numbers of children (more significant for Year 2 when establishing teams)

19.3 Trials are not held if there are two or more teams entered in the same sport within the same year level. However, the Sports Administrator, Sports Delegate, Sports Sub Committee and in some case the previous year's coaches advice are acquired to produce teams. In exceptional circumstances the Sports Administrator and the Sports Delegate may make changes to teams after the season has commenced.

19.4 It is to be noted that all requests cannot always be met in the formation of teams but the Sports Administrator and Sports Delegates make every effort to ensure all children and requests are considered equally.

19.5 Registrations that are not received within the allocated timeframe will only be considered under special circumstances and this will be managed by the Sports Administrator and Deputy Principal. These circumstances include but are not limited to:

- Teams that require additional players (no late fee)
- Teams that have adequate numbers but not at capacity number (late fee applies)
